**Notes:** Off-campus housing is available in the Detroit metropolitan area at a reasonable cost. Students living off-campus will need their own transportation, as the area surrounding the campus is not served by public transportation. Personal transportation is highly recommended for all students due to the absence of public transportation in the area. Those without personal transportation will need to budget for rideshare, uber / lyft services. Non-driving students deciding to live off campus are responsible to research the cost to and from campus taking into consideration the schedule of department requirements with possible peak fare times.
